

# STOCKDALES

Supporting Children & Adults with  
Learning Disabilities in the Northwest

## STOCKDALES

Since 1953, Stockdales has been at the forefront of providing care and support to both children and adults with learning disabilities. Our services include four outstanding residential care homes, three for adults and one for children and a thriving Lifeskills provision, offering a broad based curriculum offering educational, recreational and social opportunities.

### Our Vision

Our vision is to provide enduring support for children, young people and adults with disabilities. To offer opportunities, excitement and new experiences that allow people to live a life as full, dignified and diverse as possible; a place where they can make their mark in the world and be valued as full and equal members of society.

### Our Mission

We will encourage them to lead full, stimulating and challenging lives and provide openings and opportunities for them to develop skills and broaden their experiences.

We will treat each person individually; taking account of their unique needs desires and wishes.

**Our Values-** In all that we do we aim to be:

- **Supportive**

We will support the rights and choices of all people who use our services and respect the unique worth of every individual. We will assist everyone to enjoy positive life experiences and fulfil their potential

- **Respectful**

We respect individual rights and choices and work carefully to ensure equal opportunities for all. We support all individuals' cultures, beliefs and traditions.

- **Professional**

We work tirelessly to enhance our standards and enjoy positive relations with professionals, parents and carers alike.

We are proud of the qualities and standards of our staff team and will continue to offer training and development opportunities for all staff.

- **Innovative**

We have always been pioneers and advocates for disabled people and enjoy the challenge of improving and setting new standards. We embrace change, seek ways to improve continuously, and will continue to strive for new developments and to establish new ideas.
